

Directions From the Train Station

Leave the railway station car park via Station Approach, keeping to the left until the road takes you past Rockfield DIY store and the entrance to Morrisons car park. Just before Station Approach joins the busy Commercial Road, use the pedestrian crossing at the entrance of Station Approach and then carry on directly along Commercial Road, keeping the walls of Morrisons car park on your right.

Cross Commercial Road at the next pedestrian crossing, almost opposite Stonebow Road (the main approach road to the County Hospital). You will immediately come to a second pedestrian crossing, use this to cross Stonebow Road, and then continue straight on along Commercial Road, carefully crossing the main entrance to the bus station on your left. Carry on past the cinema and nightclub, and then turn left into Union Walk passing the travel agents.

At the top of Union Walk you will see a sign pointing to the hospital and a pedestrian alleyway, which is a continuation of Union Walk, do not turn right into Kyrle Street, but carry straight on past the rear entrance of the County hospital, and into the lane. This lane passes between the hospital on your left and the rear gardens of houses on your right.

You will leave this lane via some steps that lead onto Ledbury Road, immediately turn right, and carry on the short distance until you cross the entrance to Central Avenue. Cross the Ledbury Road at this point into Portfield Street, which should lie directly in front of you. Walk down Portfield Street, taking the first right turn past some bungalows, this leads you into Clive Street.

At the bottom of Clive Street you will come to the junction with the busy Eign Road, a confectionery supplies shop should be immediately to your left at this point. Carefully cross Eign Road and then turn left, walking the short distance until you come to a small road on your right, called Bartonsham Road.

Walk straight down Bartonsham Road, past the Chinese takeaway, and immediately in front of you is Harold Street and the Record Office car park.
