

15. GLOSSARY

15.1 GLOSSARY TERMS

Objections

P605/3043	Three Counties Planning
P685/6939	Tufnell Town and Country Planning
P939/500020	The National Trust

Summary of Objections / Issues

- A number of additional terms should be defined in the glossary. (605, 685)
- Objection is made to the changed definition of “visual envelope”. (939)

Inspector's Reasoning and Conclusions

All objections

15.1.1 The glossary is already lengthy and a caveat is entered that the entries are not legal definitions. Whilst additional definitions could be included, I consider many of the additional terms suggested are self-explanatory. In most cases, the additional terms suggested are either satisfactorily defined elsewhere in the Plan or in national planning guidance. Given that the definitions included are not legal definitions, there will always be some scope for differing interpretations which may need to be explained in the context of particular proposals. I do not consider that additional definitions are needed.

15.1.2 The Council accepts that an error was made in the definition of visual envelopes. Proposed Change No 22 (Document J 20) corrects this.

RECOMMENDATIONS

15.1/1 Modify the definition of “Visual Envelope” in accordance with Proposed Change No 22.

15.1/2 Do not make any other modification in response to the objections.
