## October

2

International Walk to School Day

The Bike Try-Out Roadshow, John Masefield High School, Ledbury

Herefordshire Council, through its Local Transport Plan, is committed to developing an integrated, sustainable transport system for Herefordshire, recognising that our present car culture is unsustainable, damaging to the environment and to the quality of life in the county, and costly to business.

The Green Transport Promotions Project is funded through the Herefordshire Local Transport Plan and through the Herefordshire Rural Transport Partnership by the Countryside Agency.
