Introduction

What is the South Wye Transport Package?

The South Wye Transport Package (SWTP) aims to promote economic growth within Hereford while tackling specific problems in the South Wye area. The aim is to promote economic development by unlocking the barriers to economic growth, including land at the Hereford Enterprise Zone (HEZ).

The SWTP objectives are to:

- Reduce congestion and delay
- Enable access to developments such as the HEZ
- Reduce the growth in emissions
- Reduce traffic noise
- Reduce accidents
- Encourage physical activity

Why are active travel improvements proposed?

Herefordshire Council is looking at ways to improve active travel (including walking and cycling) in South Wye, Hereford. This consultation is specifically seeking your views on a range of possible active travel improvements.

The South Wye Transport Package (SWTP) comprises:

- Southern Link Road
- Active Travel Improvements

The Southern Link Road (SLR) has recently been granted planning permission and the delivery of the scheme continues.

INITIAL PUBLIC CONSULTATION IN 2014

At the 2014 consultation you said:

- Poor walking and cycling is one of the top five transport issues in South Wye
- You support more and improved walking and cycling infrastructure in South Wye

SECOND PUBLIC CONSULTATION IN 2016

At this consultation we want to hear:

- Your level of support for each of the possible improvements, what you like about them, and what could be improved?
How do the improvements support the SLR in meeting SWTP objectives?

### Possible improvements and SWTP objectives
