

LICENSABLE ANIMAL ACTIVITY FEES FROM 1st APRIL 2024

Explanation of Application Fees

Under the Animal Welfare (Licensing of Activities Involving Animals) (England) Regulations 2018 (as amended), when applying for a new grant or the renewal of an existing licensable animal activity licence, the applicant must pay the relevant “application fee”, shown as the first column of figures; this must be paid at the time of application. This fee covers the cost of administering the application and carrying out one inspection to determine whether a licence can be granted or not.

When the premises has been inspected and a decision has been made that a licence can be issued, the required risk assessment determining the star-rating will be applied to the licence. The star-rating determines the length of licence, being 1, 2 or 3 years. Applicants will receive correspondence confirming the star-rating and the licence fee payable.

If applying for a licence to carry out more than one licensable activity, any additional activity will be charged at 50% of the application fee shown in the table plus the full licence fee:-

For example someone applying for a licence to provide Hiring of Horses and Keeping or Training Animals for Exhibition will need to pay:-

- 1 x application fee £314 + 50% of application fee £111 = Total £425, to pay at the point of submitting the applications and prior to the grant/renewal
- 2 x grant/renewal fees shown in the table for the relevant licensable activity, and the number of years the licence is star rated for. This part of the fee will be payable prior to the licence being granted or renewed.

The licence fees cover the costs of on-going compliance and enforcement activities, including unannounced inspections. The licence fee should not be paid until after the inspection has taken place, as the fee depends on the risk assessment and the star-rating your establishment receives during its inspection and the issue of a licence.

Please note, Hiring of Horses establishments will also require an inspection from an equine vet, and new dog breeding establishments will be subject to an inspection from a vet. All veterinary costs are determined by the veterinary practice, not Herefordshire Council.
