**Welcome and Introductions**

John welcomed everyone and asked everyone to introduce themselves. John then recapped the previous minutes.

**Workshop: The Partnership board and the Learning Disability Strategy**

Laura Ferguson led the workshop. The presentation is attached. Laura split everyone into 4 groups and we discussed and answered the following questions:

1. Check what we have against what we need for ALL services for people with a learning disability
2. Create a set of data that can be produced regularly to help inform planning and measure progress. Make the changes to the systems, so we can capture the data easily.

3. Make sure we ask the right people the right questions to show the stories behind the strategy to check its making a difference and the areas that need further work. Make sure the strategy represents and reaches more people.

For all 3 questions each group wrote down their views on what good looked like and how can the LDPB help. **Please see attached for more details.**

Laura also asked for names of advocacy services in Herefordshire for people with learning disabilities.

### **Sharon Mayclothling- Personal Resilience Planning**

Sharon said Personal Resilience Planning was part of the Better Care fund. The project aims help people who are at risk of acute care needs and going into hospital. St Michael's hospice has been collaborating with SIL and Aspire on the project.
