

HEREFORDSHIRE COUNCIL
Herefordshire Renewable Energy Study
October 2010

INDEX to APPENDICES listed in Documents on Renewable Energy Study 2010

Appendix 1 Energy Demand Assessment Methodology

Appendix 2 Heat & Power Maps Figures (Referenced In Report)

- Figure 2.1 Existing and Proposed Installations Based on the RESTATS Database
- Figure 2.2 Schematic Layout of Herefordshire Electric Grid (extract from Central Networks West's Long Term Development Statement 2005-2010)
- Figure 2.3 Herefordshire Heat Map Domestic Heat Demand per km² County Wide based on Halcrow Data
- Figure 2.4 Herefordshire Heat Map Non-Domestic Heat Demand per km² County Wide based on Halcrow Data
- Figure 2.5 Herefordshire Electric Map Domestic Electricity per km² County Wide based on Halcrow Data
- Figure 2.6 Herefordshire Electric Map Non-Domestic Electricity per km² County Wide based on Halcrow Data
- Figure 2.7 Herefordshire Heat Map Total Heat Demand (Hereford)
- Figure 2.8 Herefordshire Heat Map Total Heat Demand (Leominster)
- Figure 2.9 Herefordshire Heat Map Total Heat Demand (Ross-on-Wye)
- Figure 2.10 Herefordshire Heat Map Total Heat Demand (Ledbury)
- Figure 2.11 Herefordshire Heat Map Total Electricity Demand (Hereford)
- Figure 2.12 Herefordshire Heat Map Total Electricity Demand (Leominster)
- Figure 2.13 Herefordshire Heat Map Total Electricity Demand (Ross-on-Wye)
- Figure 2.14 Herefordshire Heat Map Total Electricity Demand (Ledbury)
- Figure 2.15 Herefordshire Total CO₂ Emissions (Hereford)
- Figure 2.16 Herefordshire Total CO₂ Emissions (Leominster)
- Figure 2.17 Herefordshire Total CO₂ Emissions (Ross-on-Wye)
- Figure 2.18 Herefordshire Total CO₂ Emissions (Ledbury)

Appendix 3 Heat & Power Maps (Breakdown of Residential and Commercial Demand)

Part 1 – Figures 3.1 to 3.6

- Figure 3.1 Herefordshire Heat Map Commercial and Industrial (Hereford)
- Figure 3.2 Herefordshire Heat Map Commercial and Industrial (Leominster)
- Figure 3.3 Herefordshire Heat Map Commercial and Industrial (Ross-on-Wye)
- Figure 3.4 Herefordshire Heat Map Commercial and Industrial (Ledbury)
- Figure 3.5 Herefordshire Electric Map Commercial and Industrial (Hereford)
- Figure 3.6 Herefordshire Electric Map Commercial and Industrial (Leominster)

Part 2 – Figures 3.7 to 3.12

- Figure 3.7 Herefordshire Electric Map Commercial and Industrial (Ross-on-Wye)
- Figure 3.8 Herefordshire Electric Map Commercial and Industrial (Ledbury)
- Figure 3.9 Herefordshire Heat Map Residential Properties (Hereford)
- Figure 3.10 Herefordshire Heat Map Residential Properties (Leominster)
- Figure 3.11 Herefordshire Heat Map Residential Properties (Ross-on-Wye)
- Figure 3.12 Herefordshire Heat Map Residential Properties (Ledbury)

Part 3 – Figures 3.13 to 3.16

- Figure 3.13 Herefordshire Electric Map Residential Properties (Hereford)
- Figure 3.14 Herefordshire Electric Map Residential Properties (Leominster)
- Figure 3.15 Herefordshire Electric Map Residential Properties (Ross-on-Wye)
- Figure 3.16 Herefordshire Electric Map Residential Properties (Ledbury)

Appendix 4 Resource Maps

Part 1 – Figures 4.1 to 4.3

- Figure 4.1 Large Commercial Scale Wind Resource Areas - Level 6b (Landscape Designations)
- Figure 4.2 Large Commercial Scale Wind Postcode Resource – Level 6b
- Figure 4.3 Large Commercial Scale Wind Postcode Resource Density – Level 6b

Part 2 – Figures 4.4 to 4.6

- Figure 4.4 Medium Scale Wind Raw Resource Areas – Level 6b
- Figure 4.5 Medium Scale Wind Energy Resource by Postcode – Level 6b
- Figure 4.6 Medium Scale Wind Energy Resource Density by Postcode – Level 6b

Part 3 – Figures 4.7 to 4.9

- Figure 4.7 Medium Scale Wind Energy Resource by Parish – Level 6b
- Figure 4.8 Medium Scale Wind Energy Resource Density by Parish – Level 6b
- Figure 4.9 Medium Scale Wind Energy Resource by Ward – Level 6b

Part 4 – Figures 4.10 to 4.11a

- Figure 4.10 Medium Scale Wind Energy Resource Density by Ward – Level 6b
- Figure 4.11a Small Scale Wind Energy Resource by Building Type

Part 5 – Figures 4.11b to 4.12

- Figure 4.11b Small Scale Wind Allocated Installed Capacity by Building Type
- Figure 4.12 Small Scale Wind Resource by Postcode

Part 6 – Figures 4.13 to 4.16

- Figure 4.13 Small Scale Wind Resource Density by Postcode
- Figure 4.14 Small Scale Wind Resource by Parish
- Figure 4.15 Small Scale Wind Resource Density by Parish
- Figure 4.16 Small Scale Wind Resource by Ward

Part 7 – Figures 4.17 to 4.18

- Figure 4.17 Small Scale Wind Resource Density by Ward
- Figure 4.18 Biomass Resource Annual Yield Per Hectare

Part 8 – Figures 4.19 to 4.21

- Figure 4.19 Potential Hydro Schemes (High Head Sites)
- Figure 4.20 Potential Low Head Hydro Schemes (less than 10kw)
- Figure 4.21 Potential Low Head Hydro Schemes (greater than 10kw)

Appendix 5 Renewable & Low Carbon Energy Resource Assessment Methodology
