Q1b. If you have any further comments on this site, please specify

Q2. Do you agree that this (Madley) could be a suitable site for up to 10 residential traveller pitches

No

Q2a. If no, please explain:

This is an area which contains sensitive communications systems, [REDACTED]
This is also one of only 3 routes across the river Wye between the A44 and the A465, which is already very busy this will cause this route to be excessively over used.

Q2b. If you have any further comments on this site, please specify

10 pitches plus a warden will increase the strain on the area's water and sanitary systems which are increasingly coming under pressure by the expansion of new property build in this rural area. The infrastructure is not capable of this extra strain.

Q3. 4. Do you have any other comments on the consultation that are not covered by these questions?
