

HEREFORDSHIRE PUBLIC REALM CONTRACT 2023/24

ANNEX 14 - STRUCTURES

ANNUAL PLAN FINAL APPROVAL

BBLP: Chris Allen 28.03.2023

HC:

SERVICE OVERVIEW

SERVICE SUMMARY

BBLP will manage HC's bridges and other structures and provide technical advice to support network management services such as adoptions of new assets, management of abnormal loads, regulating private highway structures, dealing with emergencies relating to highway structures, working in conjunction with other statutory asset owners (such as Utilities, Network Rail and Rail Residuary Board) and managing substandard structures.

Inspections of structures will be undertaken in accordance with National guidance. The service is required to react to incidents and defects that deteriorate rapidly during the annual plan period. Where this occurs, it is likely to impact on the planned works outlined in this document.

COMMISSIONED WORKS

The annex shall deliver all activities and works as set out in Schedule 4 – Service Information Annex 18 - Service Information Structures V1.4 unless deemed out of scope as detailed below
