

Task & Finish Group 2 Local Species List

Purpose: Led by HBRC and NE and involving relevant species experts this group will determine local species list for the LNRS

LNRS Steering Group

Task & Finish Group 1 Strategy Production Group

Purpose: Led by HC with NE, FC, EA and co-opting groups of habitats specialists as required this group will support the production of the Strategy within the required timeframe

Working Group 2 - Stakeholder Engagement Processes

Purpose: Led by HC this group will set out the principles of engagement, the stages, materials and target audiences

Working Group 1 Mapping/Data/Evidence

Purpose 1: Led by HC and HBRC with NE, EA & FC to support with the preparation and delivery of the baseline map

Purpose 2: Led by HC, HBRC with any potential mapping consultant this group will support with the production of the Opportunity Map

Sub-group 1: Landowners

Purpose 1: Early engagement with landowners around LNRS Principles
Purpose 2: Detailed engagement with landowners in the run up to/ as part of formal consultation

Sub-group 2: Town & Parish Councils + groups writing Neighbourhood Development Plans

Sub-group 3: Conservation focussed organisations and interest groups

Sub-group 4: Development Management Planners and Planning Policy Planners within HC

Sub-group 5: Wider internal HC officers

T&F 1: Strategy Production

- Suggested Membership: LNRS Officer, other HC staff, NE, FC, EA plus habitat specialists to be co-opted as required (or existing groups utilised) to cover woodlands, wetlands, rivers, heathlands, grasslands, orchards etc.
- Suggested Role: Members of the group to support the LNRS Officer with the production of the Strategy within the established timeframes
- Suggested Timescales: Work to be complete September 2024?
- Time Requirement for Members: For core members input will be ongoing and regular. For co-opted members input will be shorter and targeted

F&F 2: Local Species List

- Suggested Membership: LNRS Officer, HBRC and NE with local species experts drawn in as required
- Suggested Role: Group to draw up a Long List of species and to work with NE to establish the Short List of species
- Suggested Timescales: Dependent on NE Officer availability?
- Time Requirement for Members: For core members input will be required in stages until Short Listing is completed. For co-opted members input will be limited and targeted.

WG1: Mapping/Data/Evidence

- Suggested Membership: LNRS Officer, HBRC, other HC staff and NE, FC, EA Plus any appointed consultant
- Suggested Roles:
 - Purpose 1: Led by HC and HBRC with NE, EA & FC to support with the preparation and delivery of the baseline map
 - Purpose 2: Led by HC, BBRC with any potential mapping consultant this group will support with the production of the Opportunity Map
- Suggested Timescales: Baseline mapping – by February 2024. Opportunity Mapping by summer 2024?
- Time Requirement for Members: For core members (HBRC etc.) input will be ongoing. For NE, EA, FC less so.

WG2: Stakeholder Engagement Processes

- Suggested Membership: LNRS Officer, other HC staff, NE, FC, EA, CLA, AONBs, HWT
- Suggested Role: Led by HC this group will set out the principles of engagement, the stages, materials and target audiences and will deliver engagement activities potentially along with an appointed engagement contactor
- Suggested Timescales: Up to publication December 2024
- Time Requirement for Members: For core members input will be ongoing and regular. For co-opted members input will be shorter and targeted
