SA Objective 1: To mitigate climate change by actively reducing greenhouse gas emissions, and to support climate adaptation

Negligible (0)

All sites are recorded as having negligible effects on this objective as effects will depend largely on the detailed proposals for sites and their design, rather than their location.

SA Objective 2: To provide a suitable supply of housing including an appropriate mix of types and tenures to reflect demand and need

Significant positive (++)

The site would provide more than 100 dwellings.

SA Objective 3: To support community cohesion and safety

Negligible (0)

The site is not located within a Lower Super Output Area (LSOA) which is in the 40% most

deprived nationally.

SA Objective 4: To support the vitality of Herefordshire's town and retail centres

Minor positive (+)

The site is located within either Hereford, Bromyard, Kington, Ledbury, Leominster or Ross on Wye.

SA Objective 5: To provide access to services facilities and education

Minor positive (+)/Uncertain minor positive (+?)

The site is within 720m of the built-up area of either Bromyard, Kington, Ledbury, Leominster or Ross on Wye. The site is either within 900m of a secondary school or within 450m of a primary school (but not both).

SA Objective 6: To improve the physical and mental health and wellbeing of residents and reduce health inequalities

Significant positive (++)

The site is within 720m of at least one healthcare facility and an area of open space/sports facility.

SA Objective 7: To support the sustainable growth of the economy

Significant positive (++)

The site is within 720m of at least one healthcare facility and an area of open space/sports facility.

SA Objective 8: To deliver and maintain sustainable and diverse employment opportunities and reduce inequality and poverty

Significant positive (++)

The site is within 1.8km of a train station, or is within 450m of both a bus stop and a cycle path.

SA Objective 9a: To conserve and enhance soil resources and guard against land contamination

Significant positive (++)
